

Thomas Concerts Presents

# “Josh & Friends Concert”

Josh Shupak

Josh Shupak, 12 years old, and his father Donald, were seriously burned in a freak accident in November. They were transported by emergency air bus to the medical center in Galveston, Texas. Josh was burned over 85% of his body, while his father suffered burns over 50% of his body. Josh’s mother, Cheryl Shupak had to relocate to Galveston to be nearby the Shirner’s Burn Unit, while Josh was receiving treatment and reconstructive surgery.

This has been very difficult for the Shupak family, as well as the extended family. Several fund raisers and concerts have been held for Josh, but since this family is still in need of assistance, we are doing another concert for him. All of the proceeds from this concert will go directly to the Shupak family.
